Dear Mr. Dulles:

How can a private individual learn more
about the tradecraft of the Central Intelligence
Agency?

Is the C.I.A. connected with the F.B.I.?

You say that our liberties are threatened
by failure to understand our dangers, do you
believe that by reading the local newspapers we
can be properly informed of these dangers? Or
what must we do? Our class is awaiting your
reply. We are not too sure we understand the
function of C.I.A.

Respectively yours,
